BOY SCOUTS OF AMERICA[®] MINSI TRAILS COUNCIL

About Camp Minsi

Camp Minsi is located on the shores of Stillwater Lake atop the beautiful Pocono Mountains in Pocono Summit, Pennsylvania. Donated to the Boy Scouts of America in 1949, Camp Minsi encompasses more than 1,200 acres of Pennsylvania woodlands while the 314-acre Stillwater Lake provides Scouts with sailing, swimming, fishing and other aquatic activities. Summer camp is the pinnacle of Scouting's outdoor program. With many unique program areas, Scouts have the opportunity to experience a variety of exciting activities at Camp Minsi. This summer is filled with new programs and activities designed to peak the interests of every camper - from newest campers to the seasoned veterans. This guide, in addition to the summer camp website (www.campminsi.org), has been assembled to help Scouts and leaders be prepared for their summer camp experience.

An Introduction to Merit Badges

This directory outlines details for all of the various merit badge programs available to Scouts this summer at Camp Minsi. While merit badges and advancements are only a portion of the overall summer camp experience, we want to ensure that each Scout is prepared to succeed in earning the badges they set out for and get the most out of these exciting programs. Our ultimate goal is to provide a fun program full of meaningful learning to all Scouts. *Be prepared!* Scouts should review the requirements for each badge that they intend on taking before their week at camp.

Scouts should be sure to complete any necessary **pre-requisite requirements** before coming to camp. Due to the nature of some requirements, and the limitations of the summer camp setting, the listed requirements cannot be completed in the merit badge class at camp. In many cases a signed note from a Scout leader is sufficient to show proof of a pre-requisite; or bringing a copy of the written requirement (such as a report, letter or menu). Be sure to complete the pre-requisites prior to coming to camp to ensure a completed merit badge at the end of the week. In some cases, Scouts will not be able to work on or complete other requirements without having completed the pre-requisite requirements first. To help ensure that all Scouts have a meaningful and worthwhile merit badge experience, Scouts who have not completed the pre-requisites prior to camp may be encouraged by the councilor to find another merit badge to take at that time (especially in the cases of Eagle-required merit badges).

Some badges, particularly those in the Handicraft and Shooting Sports areas, have **additional costs** associated with the class. Craft kits, shooting tickets, or other necessary items needed to complete specific requirements are sold in the trading post. Approximate costs for the materials needed for each badge are listed in this guide. Please be prepared for these purchases. Other badges may require that Scouts bring certain items with them to camp – such fishing gear for Fishing – please review the badge descriptions in order to be prepared.

To help Scouts make appropriate badge sections, each badge has been assigned a difficulty rating. One star denotes an easier badge, while three stars denote more challenging ones. Scoutmasters and unit leaders should guide Scouts in their merit badge selections. An *Application for Merit Badge* (aka "blue card"), signed by an approved Scout leader, is required for each merit badge a Scout takes.

Updated 3/26/2023

Programs that do not earn a Merit Badge are in *italics*.

Eagle Required Badges are in **bold**.

Please review the Camp Program Guide for Merit Badge pre-requisites, any additional costs and more information about the program.

The schedule for Afternoon Adventures will be modified during week 2 since some activities are closed for the Fourth of July Holiday.

The Trail to Adventure

The Trail to Adventure (TTA) is Camp Minsi's first-year camper program. The daily 3-hour program runs a mirror schedule, meaning that the same program is offered in both the morning and the afternoon, allowing the other half of a Scout's day for merit badges and other programs throughout camp. During the course of the week, Scouts will build many of the skills necessary to earn the ranks of Scout, Tenderfoot, Second Class, and First Class while building teamwork, leadership, and other Scout skills. Scouts will be placed into patrols and will function as a troop during their program with an opening and closing, activities and inter-patrol competitions each day. Scouts will complete these activities as a patrol, so each day each patrol may be covering a different one of these topics unless the day is listed in the description.

Scouting, Flags and Knives

The Trail to Adventure program utilizes the patrol method. The week starts with Scouts being divided into patrols and choosing a patrol name and cheer. Scouts will learn the history of the American flag, as well as how to fold, raise, lower, and care for the American flag. Scouts will visit several program areas in camp as they complete various requirements and get an introduction to Scouts BSA and summer camp. Additionally, Scouts will review the rules and guidelines of safe knife, axe and saw use in order to earn their BSA Totin' Chip cards.

Monday Evening – TTA Super Shooter (Rifles, Bows and Arrows)

On Monday evening, all first-year Scouts in camp are invited to the shooting ranges for the TTA Super Shooter. This special program allows new Scouts to get special shooting experiences at both the rifle rage and the archery range.

Knots, Rope and Fire

Scouts will demonstrate their fire-building skills and review the rules and guidelines of fire safety in order to earn their BSA Firem'n Chit cards. Scouts will learn how to tie basic Scout knots: including the square knot, bowline, two half hitches, taut-line hitch, and the clove hitch. Scouts will also learn how to care for and whip and fuse rope.

Hiking, Nature and Leave-No-Trace

The center of the week features a special backcountry hike in the backwoods of Camp Minsi. Before departing, Scouts will review important hiking safety tips and basic map and compass skills. Scouts are expected to bring proper footwear for this hike along with at least one full water bottle.

Thursday - Aquatics, Boating and Swimming

On Thursday, all Scouts in TTA will travel to Waterfront for a variety of aquatic-based activities. While at Waterfront, Scouts will learn the principles of the BSA's Safe Swim Defense and Safety Afloat. Additionally, Scouts will learn and demonstrate various water rescues, boating skills, and have an opportunity for some free swimming in Stillwater Lake.

First Aid, Safety and Being Prepared

Scouts will learn and demonstrate first aid skills and how to be prepared in emergency situations. Scouts will depart on Camp Minsi's interactive First Aid Trail! They will come across various stations throughout camp featuring real-world first aid scenarios and will be asked to apply their first aid knowledge and skills.
